PRODUCT INFORMATION

# ACTIVE Table tops

## Whiteboard surface

Recommended use	Daycare centres, schools, open learning environments, all-day areas, creative workshops, libraries									
Use	The ACTIVE table tops are designed for mounting on ACTIVE boxes. The surface can be written on using suitable whiteboard markers. Through-hole for connection to ACTIVE boxes using ACTIVE connectors.									
Material	<p>Support plate: 12 mm birch multiplex board with HPL coating. Central through-hole for precise fitting and fixing to the ACTIVE Box.</p> <p>Surface: Whiteboard surface laminate – W1001 Solid Premium White is a through-coloured laminate with a PG PerfectSense Premium Gloss lacquered surface.</p>									
Support plate	High-quality, extra-strong birch multiplex board, raw and finely sanded edges, coated with HPL, thickness 12 mm. Both components are FSC and PEFC certified and come from ecologically, economically and socially sustainable forestry.

## Consultancy

FLÖTOTTO is a key development partner for school authorities, architects, ministries and is in daily close contact with the teachers responsible in the respective schools. Together, we create flexible, age-appropriate educational spaces for intensive interaction between learners and teachers. The living and learning spaces we develop improve learning outcomes and, together with the architecture, ideally also have a positive impact on the immediate vicinity of the school location.

We remain your first point of contact until the project is completed and even years afterwards.

Get in touch with us, we will be happy to advise you!
